A small fire was reported on Sunday, March 4, at the Weston Gun Club on Godfrey Road East.

Weston Fire Chief John Pokorny said a fire alarm at the club went off around 6:30 p.m., and firefighters responded.

Ashes from a fireplace caught the floor on fire, and while there was a fair amount of smoke, the fire was small and was extinguished quickly, Cheif Pokorny said.

He added there was little damage to the building.
